

PANTHER SENTINEL

Volume XX

Salinas, California, Friday, February 9, 1951

Number 15

AS WE SEE IT

By GEORGE JACKSON

One of the finest ways for Hartnell students to show their willingness to do their patriotic duty is now presenting itself in the form of the blood drive being sponsored here. With the crying need for blood by the American Red Cross, it becomes the duty of every American to donate his blood for the men wounded and dying in defense of our ideals.

Students have been placed in a rather enviable position by the nation's draft boards and are being excused from military duty, although as students they are not essential to the defense program. Now, in all fairness to the men who are required to go into battle, one would assume that the students would leap at a chance to aid the fighting men.

One of the newest needs for the blood in the Red Cross program is in anticipation of an atomic attack. Scientists have come to the conclusion that the greatest damage of radiation is found in the destruction of white corpuscles of the blood. In cases of an atomic attack, then, there would be a great demand for blood to replace the blood of injured persons.

The drive here has been lagging behind where it should be. If a student wouldn't give some of his blood to help the men fighting for him and his privilege of attending school instead of shouldering a gun, what would he do?

STUDENT BODY CARDS

All of a sudden it seems that the lowly little student body card has come into more than its share of investigation. While the card is being abused at athletic events, it appears that the student body commission has started to wonder about the long list of persons who have been receiving student body cards gratis.

As to the first situation, there is little discussion. The cards are very plainly marked "void if transferred", so any person who transfers his card is clearly violating his privilege of holding a student body card.

However, the matter of giving out cards to persons indirectly connected with the college has brought out much discussion. At a recent commission meeting a committee recommended cards go to students who purchase them and one card should be given to faculty members, who now receive a pair.

The big question seems to be where to draw the line in limiting of student body cards. Some persons favor giving cards only to students and faculty who pay for them, while others feel there is no

BETTY CUNNINGHAM

NEW COMMISSIONERS

Commission Fills Two Vacant Posts

Bob Abel and Betty Cunningham were named to fill the respective vacancies of sophomore and freshman representative at the regular commission meeting held last Monday. The two were selected to fill the offices from a group of students selected by a nominating committee composed of

two commissioners and one officer from each of the freshman and sophomore classes.

Selected to fill the office of sophomore representative were Abel, Wanda Beckham, Bill Grossman, and Lloyd Oksen. Candidates for the freshman post were Miss Cunningham, Sally McAnaney, Don Day, Mike McCann, and John Miggins.

Bill Binsacca, who registered late the second semester and who had taken a position in a local firm, was named to his former office of commissioner of finance. Mary Ann Burke had been named to fill the office, assumed vacant when Binsacca did not register for the second semester.

Clarification of the matter came from Bill Bell, vice-president and parliamentarian, when he ruled Miss Burke's appointment out of order since Binsacca never actually resigned the office. As a result there was never any change in the office.

According to faculty financial advisor Miss Ruth Rothrock, Miss Burke will share with Binsacca the salary which is paid to the student who holds this office.

For the second week discussion concerning the granting of student body cards to persons other than students came up. As had happened last week, definite action concerning the problem was put off until the next meeting.

Lanini told the Spartan Daily last week that while he realizes that it is difficult to train Boxers not to eat food given them by strangers, he would like to have another of the same breed.

The Spartan Daily plans to pub-

Hoosegow Hop Turns Cafeteria Into Jail

"Bring the ball and chain to the Hoosegow Hop," says Margie Mathers, chairman for tonight's social activities committee affair. The theme of the dance will be jail, while the atmosphere promises to be quite the opposite.

Betty Ann Cunningham, decorations committee chairman, is making every effort to convert the school cafeteria to a prison-like motif. Betty has spent hours of research making the decorations authentic. "Visited a lot of relatives while I was at it, too," she said.

The dance will follow the California Frosh-Hartnell basketball game. Tickets will be on sale at the door for 75 cents per couple and 50 cents for stags. Dance music has been recorded by all of the name bands.

An important note is that the dance will not be a costume affair. "Do not dress for the affair," says Miss Cunningham.

Ierne Hemmingson and her refreshment committee will serve bread and water to the guests. For those few who prefer more appetizing food, other refreshments will be sold.

Ben Marcus is in charge of cleanup and Harvey Hall is in charge of finances.

Blood Donors Few As Drive Enters Its Second Week

Numbers of blood donor cards turned in has fallen far below the anticipated number in the Panther Sentinel sponsored blood drive here at Hartnell, said Editor George Jackson. Cards are still available from Panther Sentinel staff members, student body officers, and in the college main office.

Red Cross officials for the Salinas Valley have expressed the opinion that they would like to have the mobile unit at Hartnell in early March, but until about 100 donors have been pledged, no definite arrangements can be made concerning the exact date.

There has never been any greater need for blood than there is now because of the Korean war, and the Red Cross is in the middle of a national campaign for contributions. Much of the blood being taken now is immediately flown to the Korean theater of war for use in battle casualties, Jackson said.

Cards must be turned in at the main office as soon as possible. Students under 21 years of age will be required to have the permission.

(Continued on Page 3)

Free Rides Will Be Door Prizes

Three free airplane rides will be given away as door prizes at the 11 o'clock assembly February 23. This will be the highlight of the Hartnell Flying Club's celebration of its second anniversary. The flying club was organized and began operation February 21, 1949.

"Original" entertainment and a large birthday cake will be added features to the anniversary celebration.

The flying club has two planes operating now, a Stinson and a Piper Cub. Another plane, a new Aeronca, is expected to be in service for the club's anniversary, making a total of three planes available to members.

Spring Carnival On Interclub Council's Agenda

Plans for the annual spring carnival at Hartnell were discussed by Jerry Skillicorn, president, and members of the Interclub council last Friday.

Mr. Harold Ulrici, advisor to the Interclub council, stated that the carnival was first originated to acquaint high school seniors with the many clubs on the college campus. During the past few years the purpose of sponsoring a carnival has been to extend better public relations and make the adult population of Salinas more "college-minded."

It was decided by the members
(Continued on Page 3)

No Classes Monday

Abraham Lincoln's birthday, next Monday, February 12, will be observed at Hartnell College as a legal holiday, and no classes will be held on that day, said President John B. Lemos. This will be the first holiday for the spring semester. George Washington's birthday, on February 22, will be the next holiday during the semester. No classes are scheduled for that day, said Lemos.

Explanation Of Draft Situation Changes Again

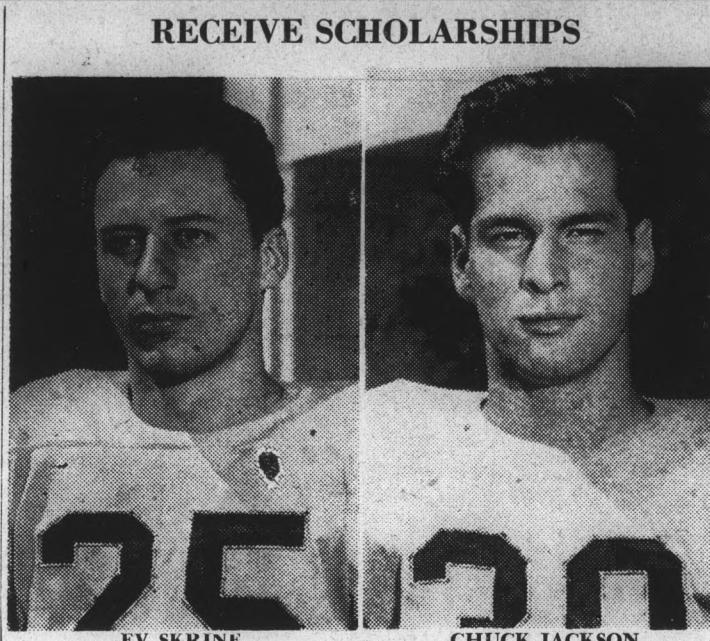

By PAUL PARSONS

Recent changes in the selective service program will allow men students to enlist in the branch of service of their choice after they have received their pre-induction physical notice. These students must, however, remain in school until the end of the academic year.

When a student passes his pre-induction physical he will be classified 1A-P, that is, 1-A postponed. One month before the end of the academic year the local draft board will be ordered to reopen the classification of these students. This action will permit the student to enlist in the branch of the service of his choice.

This information has been received from the American Council of Education. The council says, "There is every reason to believe that this procedure is final and firm."

Every possible effort is being made to keep students out of the draft, especially those students who are working for their master's or doctor's degree.

—Photos Courtesy Salinas Californian

Two Hartnell gridders, Ev Skrine and Chuck Jackson, have received scholarships to colleges and will enroll in order to compete during the 1951 season. Skrine left here Tuesday for Louisiana State college, and Jackson will go to Denver University late in March.

Skrine, a halfback, was the outstanding Hartnell player the past year and co-captained the Panthers. He played both defense and offense and averaged over 50 minutes during each game throughout the season.

Jackson, while playing end, caught the eye of a Denver scout during the Hartnell-Taft game. He played both offense and defense and was one of the mainstays of the Hartnell line.

College Has Dress Rehearsal For Evacuation Plan

Last Wednesday was the day of the most complete bombing evacuation rehearsal held by the Salinas schools since plans were begun for such a procedure. On that day, the exact same plan that will be used in case of an actual attack was followed through as all of the county schools went through the drill simultaneously.

Chairman of the disaster committee, President John B. Lemos announced that five of the seven actual steps to be used in case of bombing were carried out by the committee and students. These five steps are the one leading up to the actual transportation of students to their homes.

Step 1 is the receiving of the yellow alert by the sheriff's office; step 2 is the notification of the police chief by the sheriff; step 3 is the notification of the superintendent's office by the chief of police; step 4 is the notification of all schools, transportation department, and the school shop; and step 5 is the preparation for evacuation by the bus drivers.

The sixth and seventh steps, which were not carried out Wednesday, are the decision to start the busses on their routes if the all clear signal is not sounded within half an hour of the yellow alert; and to send the students who walk or drive to their homes.

President Lemos said that since he would have to fulfill his duties as committee chairman during any drill or raid, Mr. Jerry Girdner would be in charge at the college; and in case of his absence Mr. Stuart Dufour would take the responsibility, and Mr. Henry Cassidy would fill the job in case of Mr. Dufour's absence.

Distributed to all school rooms in the committee's area have been posters, illustrated by Mr. Leon Amyx, and worded by the disaster committee, with information on what is supposed to be done in case of fire, earthquake or bombing.

Live Program Set For Thursday

General Motors' "Review of Progress," a live program, will be held in the little theater at 10 and 12 o'clock on February 13.

Science, mathematics and engineering instructors will bring their classes to the show.

The program will be about the progress of the internal combustion engine and the progress of transportation, from the invention of the wheel to jet propulsion.

Mr. Del Carlson and Mr. James Reiss, of General Motors, stated that they are bringing a miniature rocket ship, which they will demonstrate in action, in the auditorium.

This program is being sponsored by Mr. William Bullis of the engineering department.

RICHARD CIMINO

Richard Cimino Has Many Roles On Stage, TV

By FARRELL MOORE

"He's played everything from a New England character to a southern darky."

According to Mr. Hal Ulrici, head of the drama department, that is the best answer to the question, "What type of character does Richard Cimino play?"

In over 50 major productions which Cimino has played in, he has played just about that much of a variety of parts. Cimino has played everything from Shakespeare to light comedy. He had the part of Grumio in "The Taming of the Shrew", the title role in "Rumpelstiltskin", the part of the father in "The Winslow Boy", and a part in the production, "Come to Light."

Cimino and Mr. Ulrici have worked together for six years, having started when Richard was a freshman in Salinas Union High school and Mr. Ulrici was the drama coach there. After graduation from high school, Cimino came to Hartnell and so did Mr. Ulrici. Here Cimino appeared in ten productions during the two years he studied here.

At present Cimino is working with the San Francisco Repertory Theater. This, in itself, is quite an honor for a drama student, according to Mr. Ulrici. It is considered to be one of the finest and yet the most difficult schools of the drama to gain admission to in the west.

The theatre has a waiting list of more than 500 drama students and the admission requirements are extremely high. A student must pass an audition successfully and must have a certain amount of experience. It is also one of the few schools in the country which give Equity cards to the students upon graduation. This gives the student the standing of professional. Richard will graduate from the theater at the completion of his apprenticeship, which is the fifteenth of this month, Mr. Ulrici said.

While working at the Repertory Theater, Cimino, or Richard Conway, as he is known on the stage, has made many contacts among theatrical people and in the television world. Incidentally, Richard has appeared on at least a half dozen TV shows recently. His latest was the part of Jack in "Jack and the Beanstalk," which was on the air Monday night, February 5.

JUST COMMENTING

By CARLA ADAMS

Smartest things on the campus scene these days are suits. Iverne Henningson is wearing a navy gabardine suit. This chic suit, featuring a fitted jacket and slim skirt, gets a yes vote for the prettiest tailored suit on the campus.

For a sport suit, my vote goes to the royal blue number worn by Dolores Settrini. The interesting feature of the suit is the double-breasted effect of the boxy jacket, worn over a straight skirt.

June Glanville must love sewing buttons on her maroon corduroy dress. I counted ten tiny silver ones parading down the front. Other details include huge, roomy pockets, three-quarter length sleeves and a tiny square collar.

Separates are still the vogue. A few quickie mentions include Nancy Bardin's pretty red and green plaid skirt with the unpressed pleats — Helen Wolber's chartreuse weskit — Margaret Lowry's striking rust sweater set — Grace So's white flannel skirt — Lucy Papa's beautiful tan suede jacket.

A must highlight are all the football player's new maroon and gold jackets, stylish and extra special.

Winter is almost over, and already many girls have blossomed out with pastel cotton dresses. Joan Ward has a pretty turquoise cotton with a plunging (not too far) neckline, short sleeves, full skirt, and roomy pockets. It looks especially cool with the narrow silver belt, too, Joan.

Shirley Howard is sporting a lovely soft wool sweater. The interesting feature is the tweed effect gained by sprinkling pink and blue speckles upon a grey background. Shirley teams this newish gem with a trim navy blue straight skirt.

Dyer, McCann To Men's Club Posts

Ray Dyer and Mike McCann are the newly-elected vice-president and treasurer of the Hartnell Men's club.

In an election held Monday, January 5, Dyer and McCann were unanimously elected. There was no opposition for either office.

Dyer is replacing John Piini who joined the navy and McCann is replacing Dick Kampa who was recalled into the air force.

Naval Reserve Officer Speaks Wednesday

Commander Wilson of the Naval Reserve will speak here on Wednesday, February 14, during noon hour at the little theater.

His topic will cover all aspects of Naval Reserve and the college students' participation.

FILE STUDY LISTS

Study lists must be filed by all students today, President John B. Lemos announced this week.

The study lists must be recorded neatly in ink and signed by the advisor.

Classes will be dismissed ten minutes early to permit students to accomplish this task.

CAMPUSOLOGY

By ELMER ANDERSON

Yours truly has received a few letters from a couple of ex-Hartnellites. These Hartnellites are none other than Ken Hartnell and Bob Williams.

All Ken and Bob could talk about was joining the Navy. So they did. Now they are kicking themselves all over San Diego city limits for joining the navy.

Don't you students feel sorry for them, though? Just think, in four short years they will be out.

It seems as if the women are going to start taking over all positions held by the men. Let's take one girl here at Hartnell for example. Ida Garcia is now the assistant manager of the Alisal Theater. Of course she doesn't wear a tux, but she looks very cute in her uniform.

Gloria Modolo and Joanne Swenson went to Yosemite recently with friends. A good time was had by all.

On the way back it was so foggy you couldn't see your hand in front of your face. Gloria made a wise statement and it went like this: "Boy, is it foggy. I'm sure glad we aren't up in the mountains."

One of her friends said, "Oh no? Look to your right."

Gloria did and she bit her fingernails all the way home.

Some of you might wonder what it was that made her do so. It was just a steep drop off the side of the road which probably went down a couple of hundred feet.

Said friend is sure a stinker, and if you won't take my word for it, ask Gloria.

Mr. McCallum was going to do a very big favor for his friend Mr. Amyx. Mr. McCallum took 22 color pictures of famous art works so Mr. Amyx could project them for his art class.

Things didn't turn out to well, however. There was no film in the camera.

Mr. McCallum is also the photography instructor.

Oh, well; Bill Moger was supposed to have loaded the camera.

Congratulations to David McChesney and Zota Marie Gates.

David and Zota were married recently and have settled in Salinas. As all of you know Dave went to Hartnell last semester and was one of the star players on the football team.

Best of everything to the Mr. and Mrs.

La Reata Plans

First Camera Day

La Reata will sponsor a Camera Day at Hartnell on Friday, February 16, said Editor Andy Ausonio today. The purpose of the event is to secure snapshots for the yearbook, and Ausonio says the best negatives turned in to the La Reata staff will be used in the 1951 book.

Students are invited to bring their cameras on Camera Day and take pictures about the campus and of the students. If enough good pictures are turned in, it is possible that a special page in the annual will be devoted to this one feature.

There is a strong likelihood that if this event proves successful it might become an annual affair, with at least one day set aside for students to devote to expressing their photographic interests.

Students will submit one print and the negative of the print to the La Reata staff. The best of the reproducible negatives will be used by the staff in the yearbook.

BLOOD DONORS . . .

sion of their parents or guardian, and this can be obtained by filling out of the releases available with the donor pledge cards.

Business Section Enrollment Shows

Slight Decrease

Mr. Claud Addison, occupational division dean, reported today that although enrollment in the business section shows a slight decrease this semester, it has held up better than he first expected.

The favorite major with female students is secretarial training. This section has the largest enrollment in the business department for the spring semester.

General business, accounting, clerical and merchandising sections are holding student interest equally well.

Standardized tests for the accounting section are on schedule for the near future. Movies on salesmanship are another added feature for the business department this semester.

SPRING CARNIVAL . . .

(Continued From Page 1)

that the objective this year will be to publicize the need for a Student Union at Hartnell and to help raise funds for the building.

Speakers from the various clubs will be sent out to the high schools to inform the students of the project and offer an invitation to all of the senior students. The carnival will be open to the public in the evening.

Many Students Owe SB IOU's

More than 70 students who have not cleared up their overdue promissory notes for student body fees were urged by Mr. Frank Pittman to see him by today.

Names on the list posted by Mr. Pittman included:

Joan Jamison, Wayne Savage, Peter Aguinid, Consul Aguirre, David Alsop, Frank Bates, Ray Bloyd, Mariano Domingo, Arthur Estaban, William Grossman, James Guerrero, David Hall, Frank Hazelton, Art Hedges.

Esther Houck, Delbert Hull, Jaso Jacinto, William Klauer, Richard Landon, Bob Knowlton, Manuel Lopez, Low Mak, Constantine Merlos, Darrell Millsap, Robert Millslagle, Gloria Modolo, Alfred Navaroli, Pascual Olaguer, Miguel Pacaca, Margery Rains, Joyce Rippy, Constancio Servantes.

Robert Shannon, Quinn Smith, Ralph Stacey, Fred Swan, James Thomas, Derdrick Toews, Roberta Urabe, Joan Ward, Ray Welch, Fred Willson, Robert Azcona, Bob Ballard, Beverly Carlson, Bette DeMerritt, John Dobbela, Patricia Ferreira, Margaret Lowry, Sue Marui, Nadine Nucci, Helen Rouse,

Millsap's Water Colors On Display

Water colors by Hartnell art student Darrel Millsap are now on display on the new display board in the science wing of the building, according to Mr. Leon Amyx, Hartnell art instructor. The display board was set up recently to display work of photography, art and science classes.

Last week a series of photographs by Mr. W. J. McCallum were on display, and McCallum announced the Hartnell college permanent photographic collection will grace the display board next week. These photographs are a collection of the best photographs by photography students in the past four or five years, McCallum said.

Displays on the board will alternate between the art and photography departments.

Mary Rouse, Barbara Saunders, Beverly Silva, Carol Spence, James Tannahill, Joyce Toney, Robert Amaral, Enos Barera, Bruce Donanville, Lucille Holm, Loren Kitamura, Fannie Hernandez, John Miggins, Barbara Rogers, Virgil Waller, Leon West, Norman Weston.

Track Turnout Good

"We have enough strength to pick up a few first and second places but we are far too undermanned to pick up all the thirds and fourths that win most track meets," moaned track coach Ed Adams.

The only strong division in Adams' 15-man squad is in the weights. There John Dobbels, Robert Roebuck, Dick Leffingwell and Ed Kruljac figure to give him all the points he needs in their field, if the others on the squad can pick up their quota.

Coach Adams emphasized that there is no limit to his need of trackmen, especially in the runs.

In the sprints there are Mits Hashimoto and Don Smith. Hashimoto has been timed at 10.1 seconds in the hundred and 23.1 in the 220. Smith has been clocked at 10.2 in the century and a little over 23 in the furlong. These times should give both boys some points.

The quarter mile is very weak with only Smith to double in for it.

In the 880, one of Hartnell's Hawaiians is expected to be the main strength. He is Ken Dias who has done a respectable time of 2:07 in the islands. His running mate, if he has one, will possibly be Clifford King, one of last year's javelin throwers.

In Ray Dyer Hartnell has, in the

words of Coach Adams, "A truly great miler for his size and experience, and one who could go a long ways."

The lone two-miler is Bud Chase who holds the Hartnell track record for that distance.

The two-man hurdle corps is made up of Steve LaVelle and Bill Temple. LaVelle has times of 15 seconds in the high hurdle and 20 in the lows. Temple is under 16 in the highs. LaVelle is also credited with a 20 foot broad jump.

In the jumps the squad is headed by Jim Tannahill's 6-foot 3-inch in the high jump and LaVelle's 20 feet in the broad jump. Tannahill has cleared 11 feet 6 inches in the pole vault. He is backed up by Keith McIntosh in the high jump. Manuel Lopez is the only other broad jumper on the squad.

The Panthers desperately need some track men.

Diamond Men Urged to Sign Workouts Soon

With a good sized crop of first-year men, head baseball coach Jess Regli expects to find things "looking pretty fair this spring."

Coach Regli has only four returning veterans but is looking for a lot of good material in the freshman candidates. The total turnout to date is 18 potentials.

Biggest weakness in the year's roster is in the outfield with only two out for these spots. If no other outfielders sign up, Coach Regli plans to switch one of his ten infielders to the outer gardens.

Veterans of last year's season who are returning are Louis Foletta, infield; Alfred Navaroli, pitcher; Robert Swan, infield; and Dale Swire, catcher.

Others out are infielders Earl Adams, Peter Aguinid, Paul Fribel, Albert Giraudo, John Miggins, Tom Mill, Alvin Piffero, and Edward Weber.

Outfielders are Doug Severin and Del Walcott; pitchers are Bob Ballard, Wayne Crook, and Henry McKeague; catcher is George Jackson.

Harts Lose to Menlo 64-54

Wednesday evening the Panthers journeyed to Menlo Park for their fourth league contest. Suffering from a definite lack of height and the loss of regular guard Bill Menees, the Hartnell squad fell 64-54. It was the second league loss for the Harts.

Filling in at the guard spot for Menees was Tom Welch. Welch played well under the heavy pressure. The five starting men were called upon to play the entire route and poor conditioning was evident.

Bill Menees, starting guard for the Panthers this year, was absent from the Menlo game lineup due to the fact that he was married in Reno Tuesday.

High scorers for Hartnell were Fred Willson, Dick deLorimier, and Bob Ballard with 17, 16, and 11 points respectively.

Hartnell plays host tonight to the University of California's freshman team. The main feature will be preceded as usual with a preliminary. Tonight will be the second meeting of the two teams. Earlier in the season the two clubs met in the Berkeley gymnasium where the Panthers were defeated.

Working to come back from their loss on Wednesday, the Panthers should be in good form. It is uncertain as yet whether the Panthers will have the services of Bill Menees at the guard post. The remainder of the starting club will be in their usual spots at game time.

Home and home games have been played between the two teams in the past few years and at the present time Hartnell's losses outnumber their wins in the series. The university team always has an abundance of height and weight, and usually play a hard brand of ball.

Tomorrow night the Panthers will take the road again and move up to Martinez for a return engagement with the East Contra Costa Vikings. Hartnell defeated this league opponent last weekend in a closely-fought thrilling game.

It will be the fifth league attempt for the Panthers, who are struggling through a series of ups and downs. Outstanding on the Viking team in their visit here were John Gallo, who distinguished himself in the Small Colleges Tournament, and center John Houvinen.

Charity Game Won by Harts

Saturday night, in a benefit game for the March of Dimes, the Panthers defeated Westmont College of Santa Barbara 60-59. The win came in the final five seconds as Glen Albaugh sank two free throws to tie up the game and then accounted for the winning point.

Scoring for the first 39 minutes was in the Panthers favor, and then the Westmont club came from behind to knot up the count 57-57. With 50 seconds remaining Willard of Westmont swished a long one. A few seconds later Bill Menees was fouled and given one charity toss which he managed with ease. As the clock showed five seconds remaining Albaugh was fouled and with the pressure on he saved the day.

Coach Ed Adams announced that the game netted the March of Dimes cause a total of \$98.65. The crowd was small, as usual, but fans who had followed their team all the way from Santa Barbara to support them, helped to swell the receipts of the charity event.

Bob Ballard led the Panther scoring for the second straight night as he duplicated his 17 points of Friday night. Behind Ballard were Bill Menees and Fred Willson with 15 and 14 points, respectively.

Panthers Grab 2nd League Tilt

Hartnell's cage team seized its second league victory from the Contra Costa Vikings last Friday night, 63-57. The game was characterized by close play and rough, hard basketball. The score was all tied up at the half-time, 25-25.

Thirty-eight points were added to the Hartnell score in the final period as the Panthers sprung to life and pulled away from the Vikings. Contra Costa's tall center gave the Hartnell men much trouble with his beautifully banked hook shot.

Seeing action for the first time this season were Chuck Volonte and Tom Welch. Volonte is a veteran from last year who turned out for this year's squad at the start of the new semester. Welch is a first year man with the Panthers. Volonte scored twice for the Panthers in his first game of the season.

Ballard led the team, scoring with a 17-point total, and deLorimier followed with 14. Probably a new record was set on the courts in the Friday game when the Panthers were only charged with seven fouls.

BOX SCORE

Player	FG	FT	PF	TP
Hartnell	63			
deLorimier, f	6	2	0	14
Steinbach, f	4	1	3	9
